Annual Conference Series 年度大会系列

2017 SIGNAL's 2nd Annual Conference on Israel's China Policy SIGNAL第二届以色列中国政策年会

In Dec. 2017, SIGNAL initiated and co-hosted a conference entitled, “China on the World Stage – Strategic Implications for Israel.” The conference provided a forum for discussing China’s “New Era” and the Middle Kingdom’s engagement in the turbulent Middle East. SIGNAL brought three leading scholars from China to participate in the two sessions; China on the World Stage in the New Era of Xi Jinping and China, the Middle East and Israel in an Age of Change. Prof. Ye Hailin from CASS, Prof. Huang Renwei from SASS and Mr. Yang Xiyu from CIIS provided a Chinese perspective on these subjects.

The December 26th, 2017 conference began with a closed 4-hour simulation on the US-North Korea conflict. The simulation involved over 25 experts from Israeli and Chinese think tanks, former diplomats and retired military personnel who represented China, the USA, North Korea, Iran, Israel, Russia, Japan and South Korea.

Mr. Efraim Halevy, Former Head of the Mossad and Former Director of NSC (front row, 3rd from the right,) represented North Korea along with Mr. Yang (behind him) in the simulation on the US-North Korea conflict.

摩萨德前局长及国家安全委员会前主任厄弗莱姆·哈勒维先生（前排右三）代表朝鲜及杨希雨先生（哈勒维先生身后）在美国-朝鲜冲突模拟会议中。

This was followed by the public section of the conference that opened with remarks from Chargé d’Affaires, Cai Weiming of China’s Israel embassy delivered to a standing-room only audience. Mr. Cai emphasized that this is a new era in Chinese development, “The CPC will lead the Chinese people in achieving the Chinese dream...” based on the principles of “deeper and more comprehensive reform to enable development and staying open to the world.” He noted that the “Belt & Road Initiative enables China to share its success with the world and offers a new type of international relations for an international community with a shared vision for mankind.”

The vibrant discussions during the conference sessions illuminated areas in which Israel and China have converging views -such as the need to advance regional stability- and explored China’s interests in the Middle-East beyond energy -examining the land and sea routes planned for the Belt & Road Initiative. Our speakers also addressed concerns shared by both nations regarding global and regional developments and explored various avenues for cooperation which might advance their mutual interests.

2017年12月，中以学术交流促进协会(SIGNAL)发起并共同举办了题为“中国在世界舞台上对以色列的战略意义”的会议。此次会议讨论了中国的“新时代”和中国参与动荡的中东地区事务。来自中国的三位知名学者参与了题为“处于习近平和中国新时代世界舞台上的中国”和“变化时代的中

2017年12月26日的会议以4小时美国与朝鲜冲突封闭模拟开始。来自以色列和中国智库的25名专家、前外交官和退役军人参与了此次模拟会议，他们代表中国、美国、朝鲜、伊朗、以色列、俄罗斯、日本和韩国。

其后又举办了这次会议的公开部分，由中国驻以色列大使馆临时代办蔡蔚鸣发言开始。蔡先生强调，这是中国发展的新时代，“中国共产党将领导中国人民实现中国梦...”，以“更深入、更全面的改革促发展，保持向世界开放“为基础。他指出，“一带一路”倡议让中国得以与世界分享成功经验，为人类共同的未来国际社会提供新的国际关系样式。

会议期间讨论热烈，启发出许多以色列和中国所拥有的共识，比如有必要促进地区稳定，并探索中国在中东地区除能源以外的利益，审视“一带一路”计划的陆路和海上路线。我们的发言者们还谈到了两国在全球和区域发展问题上的共同关切，并探讨了可能增进双方共同利益的各种合作途径。

SIGNAL Note 《SIGNAL关注》

This bi-weekly publication, launched in March 2016, focuses on Israel and the BRI. It is published in Chinese at sino-israel.org and the Chinese edition of the Times of Israel and in English it is published at en.sino-israel.org and is distributed to a growing number of scholars, experts and officials interested in a wide range of Israeli expertise related to BRI projects.

《SIGNAL关注》为双周刊系列文章，最早于2016年3月出版，主题集中在以色列和“一带一路”倡议上。中文版文章发表于SIGNAL（中以学术交流促进会）网站（sino-israel.org）及《以色列时报》中文版，英文版发表于SIGNAL英文网站，同时还分发给越来越多的对与“一带一路”倡议项目相关的以色列专业知识感兴趣的学者、专家和官员。

SIGNAL Perspectives 《SIGNAL观点》

In late 2016, SIGNAL began publishing a new series of articles, SIGNAL Perspectives, presenting geopolitical analyses from a Chinese perspective or China sensibility. Most contemporary geopolitical analysis is written with a western (typically American or European) viewpoint in mind. These articles tend to examine the effects geopolitical events might have on the US and Europe, while little attention is given to how such developments impact China or how China might see them.

Our analysis that accounts for the Chinese view - with an eye to the impact on China- serves a valuable role in promoting a more broad-based understanding of regional and international issues. SIGNAL's most recent publications address parallels in Israeli and Chinese history, the rising strategic role of global technology assets and its impact on Sino-Israel relations, and how culture and history affect China's international relations.

2016年末，SIGNAL开始发布名为《SIGNAL观点》的系列文章，从中国或中国情感的角度进行地缘政治分析。大多数当代地缘政治分析都是以西方(通常为美国或欧洲)的观点来写的。这些文章倾向于研究地缘政治事件对美国 and 欧洲的影响，而很少关注如何影响中国或中国如何看待这些事件。

我们分析的是中国的观点，着眼于对中国的影响，为促进对地区和国际问题的更广泛理解发挥重要作用。SIGNAL的最新发表文章将以色列和中国的历史、全球科技资产越来越重要的战略地位及对中以关系的影响、文化和历史如何影响中国的国际关系为主题。

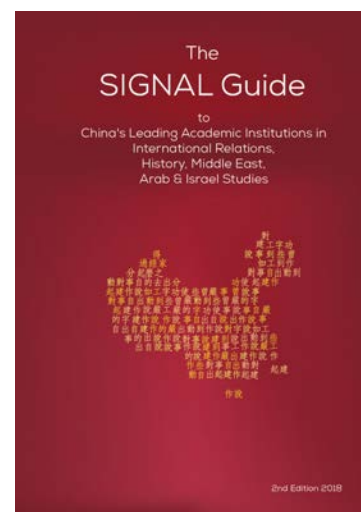

SIGNAL Guide 《SIGNAL指南》
